

A Partnership with the Clearpath Software Company

Mr. Nguyen Gia Nhu, Dean of the Faculty of Information Technology and Mr.Chuck Palazzo, representative of the Clearpath Software Company signed a Memorandum of Understanding (MOU) between Duy Tan University and the Clearpath Software Company. Participants also included Mr.Phan Van Son, Chief Administration Officer at the University. The signing Ceremony took place in Danang on April 28th 2009.

Under the terms of the MOU, DTU will invite experts from Clearpath to teach several I/T majors at Duy Tan and supervise research papers and graduation theses. Every year, DTU students will be sent to Clearpath on internships to study and do research. The representative of Clearpath offered favorable terms and conditions to enable qualified students to work for the company.

At the ceremony, both sides also agreed to enhance their relationship. Clearpath will hold workshops at DTU so that students will have new opportunities study and utilize the latest learning techniques.

The DTU Chief of Administration expressed his hope that Clearpath would be able to establish appropriate training programs at DTU in order to meet the recruitment requirements of the company.
