On behalf of the sponsors, Mr. Ho Viet congratulated the winners on achieving such strong results. He stressed that: *“The creativity of the younger generation drives social development. We encourage you to become even more dynamic in your studies in order to contribute even more to the economy”*.

Nguyen Phi Minh, a DTU student, won the first prize of 15m VND with his idea of “A Wedding Decoration with Balloons”. Second prize went to “The Leo Center- A Place of Inspiration”, by Le Hong Phuc (from the Danang Economic University) and Tran Manh Hung (from the Danang Polytechnic University). “A Champa Village” came third and consolation prizes were awarded to the other five finalists.

“DTU has held various types of competitions for students to share ideas with each other. I hope that you will all be a credit to our country in the future”, said Mr. Le Cong Co, DTU Chairman and Rector.

The “Business Ideas Competition” was organized for students from all colleges and universities in Danang. Eight finalists were chosen from the fifty entrants. Each team had to present their ideas and answer the judges’ questions.
