

DDT Group Recruits at DTU

On November 11th 2010, Mrs. Nguyen Ngoc Hanh, Managing Director of DTT, a Danang technology company, interviewed I/T students at Duy Tan.

Ms. Nguyen Ngoc Hanh gives an overview of DTT.

According to an agreement, DTT will annually recruit from 20 to 50 DTU students for various positions. In addition, DTT will offer internships for current students to participate in projects to improve their practical experience, especially in soft skills and teamwork skills. The aim is to enable students to adapt to international business. Then, students will be able to officially join DTT member if they meet DTT standards on graduation. Ms. Hanh said: "*DTT has just set up a new branch office in Danang, so we need new staff. At DTT, staff work in a professional environment, with good pay and promotions. DTU is currently well-known for graduating excellent I/T candidates and hopefully will be their first choice*"

DTT provides software solutions and services to customers worldwide. The company was established in 2003, through the merger of the CTT Company of Hanoi and the Data Technology Company. Starting salaries for DTU/CMU graduates are \$500-\$600 per month.
