

Department of Information Technology-Duy Tan University held the Seminar: “Eclipse: Empowering Universal Platform”

In the afternoon of 27th March 2009, the Department of Information Technology, in conjunction with IBM Vietnam, held the seminar named: “Eclipse: Empowering Universal Platform” at campus 184 Nguyen Van Linh, Danang city.

The Seminar was presented by Dr Duong Cong Minh-expert of IBM in Vietnam and Mr Nguyen Khiem-Manager of high education assistance programme in Vietnam. The Seminar attracted a great participation of lecturers and students from Information Technology Department.

This activity is to introduce the lecturers and students from Information Technology state-of-the-art technology to develop softwares. Also, the Seminar helped students apply modern technologies to their study and research as well as join the sample projects aided by IBM.
