

DTU Meets with Danang Hi-Tech Park (DHTP)

On November 22nd, DTU met with DHTP's management board to expand cooperation in training and research and to boost scientific and technology development at the Quang Trung campus. Attendees included Mr. Tran Viet Phuong, an official of the DHTP Plan Investment Board, Dr. Le Nguyen Bao, DTU Vice-Provost and DTU lecturers and staff.

A meeting between DTU and DHTP

Mr. Tran Viet Phuong gave an introductory overview of DHTP at the beginning of the meeting. Founded in 2010, DHTP aims to attract foreign and domestic investors to link production, research, and scientific and technology development to increase the efficiency and competitiveness of Danang and Central Vietnam in general. In addition, DHTP has also cooperated with research institutes and universities through training sessions and technology transfer aimed to enhance the skills of workers and contribute to the development of local industry.

Mr. Tran Viet Phuong speaks at the meeting

Mr. Tran Viet Phuong said: *“We highly appreciate the achievements of DTU. The university is working with several well-known American universities to transfer academic programs to produce highly-qualified employees to boost the development of the economy and society in Central Vietnam and nationwide. In the near future, DHTP plans to cooperate with DTU and consult with lecturers and other experts working in the field of science and technology.”*

DTU and DHTP will discuss partnering in the fields of technology education, research and development.
