

DTU officially operates its 5th Campus

Recently the DTU Board has focused on upgrading the university facilities and, on January 2nd 2011, the fifth DTU campus of DTU in Hoa Khanh Nam, Lien Chieu District was officially opened.

The Fifth DTU Campus

The new campus covers an area of 35,000 m² and is located 1.5km from Thanh Binh beach. The high-quality new structure will be used for administration and teaching. It is planned that this campus will become the headquarters of the university in the near future. The new buildings house three lecture theaters and laboratories for students of Architecture and Engineering. A dormitory for about 1,000 students will also be built in 2011.

At the beginning of 2011, the leaders of DTU, the largest private university in central Vietnam, are happy proud to demonstrate their continuing responsibility to provide their students with the most advanced study facilities available anywhere in Vietnam.
