

DTU: Only Private University in QS 2020 Asia Top 500 Ranking

DTU has been attracting a great many Vietnamese and Southeast Asian students, year after year and is continuously ranked amongst the top Vietnamese universities. Generous scholarships and flexible enrollment policies are available and DTU is one of the most dependable universities to apply to in 2020, with a dynamic study environment and many diverse, specialized courses to choose from.

A Top Vietnamese University

DTU has been classified among the top academic institutions in Vietnam by a respected international ranking organization and has become highly recognized for its quality of education. Graduates can now benefit from this as they encounter increasingly extensive career opportunities.

DTU is one of the 500 best Asian universities, according to the 2020 QS university rankings

Normally, most of the highest ranked universities are large schools in advanced and developed countries, but recently Vietnamese universities have suddenly started appearing on the lists, and DTU is one of them. This demonstrates that Vietnamese education is developing quickly, to compete internationally, and that DTU has made noteworthy efforts and remarkable achievements to contribute to its success so far.

DTU enters the international rankings:

- Among Asia's 500 top universities by QS in 2020
- 1,854th in the top 2,000 universities worldwide and third of four in Vietnam by CWUR

- Second of ten leading universities of Vietnam in international publications in the fields of engineering, natural sciences, and life sciences, ranked in 2019 by the Nature Index, following the Vietnam Academy of Science and Technology
- Sixth in research capacity, ranked by SCImago in 2020
- 1,147th in the top 2,500 universities worldwide and third of eight in Vietnam by URAP

Infrastructure: international standard, state-of-the-art

The DTU strategy has always been to construct a modern, international infrastructure to enable highly effective education and research. DTU has created a large and convenient campus network covering 36 hectares of land, including 7 hectares in the city center, with 200 classrooms and auditoriums, fully equipped with projectors, wide-angle cameras and air conditioning for all.

DTU invests in information technology and electrical engineering workshops

Facilities include:

- IT: 1,300 computers and 150 laptops, with free internet throughout the university.
- Hospitality: A star-rated mini-hotel for hospitality training, with reception, rooms, a restaurant and bar.

- Electrical Engineering: workshops for mechanics, simulation, robotics, electro-mechanics, industrial production and high-end telecommunications.
- Medicine, Pharmacy, Nursing: medicine and pharmacy laboratories for research in physiology, immunology, embryonic tissue, preparation, testing, pharmaceutical chemistry, industrial pharmaceuticals, medical simulation, dummy surgery and a dental practice.
- Biotechnology: molecular biology laboratory with the latest equipment, such as large centrifuge, PCR, AB 3500 genetic analyzer, MaxQ 8000 shaker and DNA and protein electrophoresis systems for use in research into infectious diseases, genetics, biodiversity conservation, fermentation technology, cancer and pharmacology.

It is also these very modern facilities the university carefully invested in which allowed DTU to obtain ABET accreditation, the most prestigious accreditation in the world for engineering and technology, for Network Engineering and Management Information Systems in 2019. DTU became the second Vietnamese university to obtain American ABET accreditation, after the Ho Chi Minh city University of Technology

Health sciences, biotechnology and environmental sciences laboratories and practice rooms

95% of graduates find suitable employment

With their broad knowledge and vital skills, highly-qualified DTU graduates are in great demand and are hunted by local companies. Others, in their third or fourth years only, are also promised high salaries and privileges and 95% ultimately find suitable jobs.

- In certain majors, such as Information Technology, 100% of students from the international school's advanced and international CMU program are employed immediately
- Architecture: 100%
- International Relations: 100%
- Road & Bridge Construction: 100%
- Accounting: 98%
- Tourism & Travel Management: 97%

Tra Anh Dong, Ngo Viet Hoang, Tran Doan Cong Thanh and Ngo Viet Tien (from left to right, top to bottom)

DTU graduates are employed at well-known companies, such as:

- Tra Anh Dong, from Network Security, works as a Technical Support Specialist at HP Malaysia.
- Ngo Viet Hoang, from CMU Software Engineering, is a Senior Software Architect at Flex US.
- Tran Doan Cong Thanh, from PSU Tourism & Hospitality Management, is Rooms Training Manager at the Four Seasons Nam Hai Resort.
- Ngo Viet Tien, from Tourism & Hospitality Management, works as FB Attendant at the Sheraton Grand Danang Resort.
- Nguyen Thi Thanh An, from International Relations, works at the Binh Dinh province Department of External Affairs.
- Hoang Trong Thang, from International Relations, works at the Department of Science & Technology and International Cooperation at the Ministry of Natural Resources and Environment.
- Truong Thi Xuyen, from International Relations, works at the Trade Promotion Agency in Danang.
- Hoang Tien, from International Relations, works for the NGO Peace Trees in Quang Tri,
- Vo Van Loi works in business management at the MB Bank in Danang.

DTU admissions options include:

- Direct admission
- Admission based on High School Graduation Exam results
- High school transcript admission for all first degree majors, which comes in two formats:
 - + based on 12th grade yearly averaged academic results for subjects under consideration
 - + based on average of 11th grade and first semester of the 12th grade results

Many applicants now prefer the high school transcript option because it provides an objective and comprehensive assessment of their abilities, reduces pressure during their graduation exams and provides them with more choices of majors and universities. It also helps them to more confidently assess their academic strengths and weaknesses. The number of applicants signing up for this option has been high and consistent over the years.

Admissions minimums:

- All majors: a total three-subject score of 18 or higher
- Nursing: a total three-subject score of at least 19.5, or 12th grade applicants with honors or a graduation score of 6.5 or above
- Bachelor of Pharmacy, General Practitioner, Odontoid-Stomatology: a total three-subject score of 24 or greater or 12th grade magna cum laude and higher applicants or a high school graduation score of at least 8.0

Generous scholarships for 2020 enrollees

For 2020, DTU continues to offer generous scholarships worth tens of billions of VND, to encourage and motivate students to perform to their utmost at university.

DTU regularly awards valuable scholarships to applicants with high graduation scores

Successful DTU applicants can obtain one of the following scholarships, based on their major and program:

- 550 scholarships with a 10% to 15% reduction in first-year tuition fees, applicable to several majors
- 65 full scholarships of 100% for all tuition fees in all years for applicants to the advanced and international CMU, PSU, CSU or PNU programs, with a three-subject High School Graduation Exam score of at least 23
- 50 full and partial scholarships for the On-Site Study-Abroad programs for American degree with total value of 18 billion VND for applicants with a three-subject High School Graduation Exam score of at least 22.
- 135 full and partial scholarships for foreign applicants and 90 full and partial scholarships for Vietnamese applicants for the Talent programs,
- 45 scholarships from American companies and universities, worth 10 to 20 million VND each, for students of the advanced and international CMU, PSU, CSU, or PNU programs
- 50 DTU scholarships for the advanced and international CMU, PSU, CSU or PNU programs.
