

DTU Spends Time in the Local Community

On the 13th of January, 2012, DTU representatives visited some underprivileged families in Danang.

DTU representatives visit the Nguyen Thi Hong Van family

This is one of DTU's annual communal activities. Since 2009, DTU has sponsored grants to three Dioxin victims: Dang Thanh Minh, Tran Duc Nghia, and Nguyen Thi Hong Van living in Cam Le Province.

Forty years ago, the war killed millions of Vietnamese. Since that time, the after-effects of Dioxin poisoning have been seriously maiming young people. DTU has reserved a small fund with the hope of making the unlucky victims' lives a bit easier. In the afternoon, DTU representatives also visited Ms. Nguyen Thi Cuu and Ms. Vui, Mothers of Vietnamese Heroes, in the Thanh Khe District. Their magnanimous lives truly exemplify Vietnamese tradition and encourages the unlucky ones to try to overcome some the extreme difficulties in their lives.
