

## Enrollment Counseling Day 2012: DTU's Advanced Programs in the Spotlight

On March 22, Dr. Vo Thanh Hai, DTU Vice-Rector participated in an event called “The University and Student Connection” held by *The Labor* newspaper at Phan Chau Trinh High School. More than 600 students attended from local high schools.

Other representatives came from the Ho Chi Minh City National University, the Danang College of Foreign Languages, the Danang University of Architecture, Quang Nam University, Hong Bang International University and Saigon International University.

*Many students attended the counseling event*

Students were especially interested in advanced programs at DTU. Dr. Vo Thanh Hai said: “*Currently, DTU is offering students two types of advanced programs. Before enrolment, students must first pass the MOET university entrance exam and a DTU test. For those interested in 2+2 program, the first two years will be completed at DTU and the rest in the USA. After completing the course in Vietnam, students will be granted degrees by DTU and certificates of accomplishment by American universities. Their degree will be granted by American university*”.

*Dr. Hai awards scholarships to Phan Chau Trinh and Tran Phu High School students*

In response to questions from a student about the benefits of these international programs, Dr. Nguyen Duc Nghia from HCM City National University answered: “This “hot” major is available at the HCM City University of Social Science but it requires students to achieve a high result in the university entrance exam”. Dr. Hai added: “You don’t need to travel far from home to study, as DTU is offering the course in Danang. After five years of study, DTU will assist graduates to find good jobs”.
