

## **New DTU Careers Website**

Once our nation's vast intellectual resources have been recognized and harnessed, more and more talented people will seek a good education and then careers to improve their skills and living standards. However, it is difficult for students to find the most suitable careers if there is not contact between them and prospective employers.

Recently, Duy Tan University, the first and largest private institution in the Central region, confirmed its reputation and received the recognition it deserved, thanks to its rapid development, its objective to attract and nurture the most talented people, its improved quality of education and its international partnerships.

With its goal to “stand on the shoulders of giants”, in line with its traditional philosophy: ” To Link Academic Education and Practical Research for the Good of Humanity”, DTU is always looking for talented, well-qualified staff who aspire to conducting research, love teaching, and are willing to dedicate themselves to a bright future at DTU.

DTU has formally established new careers internet link at <http://careers.duytan.edu.vn>. This will offer an ideal method to present excellent job opportunities to talented people everywhere who want to develop their careers in Danang, the most liveable city in Vietnam.
