

The Fourth Season of Learning Express Launched at DTU

After three previous successful experiences, DTU launched the fourth session of Learning Express. From March 27th to April 9th, twenty-seven students and three lecturers from Singapore Polytechnic will visit Duy Xuyen in Quang Nam with DTU lecturers and students to learn about traditional craft making.

DTU gives gifts to Singapore Polytechnic lecturers

Started in 2011 by Singapore Polytechnic, Learning Express enables Singapore Polytechnic and DTU students to study life in other ASEAN countries, to broaden their knowledge and skills and make friends. This time, they will go to Duy Xuyen in Quang Nam to learn about weaving thread into cloth, weaving sleeping-mats and broom-making. By applying their creative skills they will recommend potential new products and suggest ways to improve production.

Students of Singapore Polytechnic and DTU

Nguyen Thi Ngoc Hy of K20 NAB1 in Foreign Languages said: *“By taking part in Learning Express we can exchange ideas, improve our skills, practice our English and make new friends. Doing practical work with foreign students improves my self-confidence and motivation.”*

The students will also visit famous sights in Danang and Quang Nam, including the Han Market, Pham Van Dong Beach, the Linh Ung Pagoda and Hoi An to learn more about the local culture.
